The Impossible Dream is a 60-ft wheelchair accessible catamaran designed and outfitted electronically affording individuals with disabilities the opportunity to sail.

**Vision:** Sailing the east coast of the U.S. and Canada; bringing hope and inspiration to people and families with various disabilities; raising awareness for more accessible sailing opportunities; promoting sustainable ocean programs while bringing together different cultures, ideas and innovations.

**Mission:** To enhance people with disabilities while empowering them with a barrier free experience on the seas.
